Occupancy -S1

This project is for an alteration to tenant space only. No occupancy will be allowed under this permit. A separate and complete tenant improvement plan submittal and permit is required prior to occupancy of each tenant space and issuance of a "Certificate of Occupancy". Such plans shall specify the tenant's name, type of business, and include a complete design for: Site & Building Accessibility, Occupancy, Exiting, Sanitation, Ventilation, and other Habitability elements (i.e., envelope, lighting, mechanical design, energy reports, etc.).
